Street Address of Property for which Zoning Permit is being sought (if P.O. Box, include street address also): 97 Waterloo Ave.		
City, State, and Zip Code: Berwyn, PA 19312		
Tax Map ID#: 55-2L-243	Subdivision Name (if applicable):	Lot # (if applicable):

**PART 5 – DATE PROPERTY ACQUIRED BY OWNER**

Month, Day, and Year: 9/30/97
----------------------------------

**PART 9 – SPECIAL EXCEPTION OR SPECIAL RELIEF STANDARDS AND CRITERIA (continued)**

6. Except where otherwise required by Chapter 455, Zoning, or Chapter 400, Subdivision and Land Development, or the safety of the public otherwise dictates, the total number of access points on major streets and highways shall be limited. The Zoning Hearing Board shall have the power to require the frontage of buildings on parallel marginal roads or on roads perpendicular to existing public streets and highways.  
See the attached Addendum.
7. The proposed use shall specifically comply with all area and bulk regulations, design standards or other general regulations applicable to the proposed use.  
See the attached Addendum.
8. The proposed use shall not be contrary or harmful to the health, safety, morals, and general welfare.  
See the attached Addendum.
9. Any recommendations of the Planning Commission shall be provided to the applicant, and the applicant shall produce evidence to ameliorate any negative concerns raised by the Planning Commission. The Zoning Hearing Board shall not be bound by such recommendations.  
See the attached Addendum.
10. Be assured that the natural features and processes characterizing the proposed site and its surroundings shall not suffer unmitigated degradation, that the management of storm waste, the provision of water or sewer service, and any other alterations to the site's predevelopment condition shall be consistent with the Township goals, practices, and plans in these regards, and that demand for water and energy by the proposed use shall be minimized to the optimal extent.  
See the attached Addendum.
11. Impose such conditions, in addition to those required, as are necessary to assure that the intent of Chapter 455, Zoning, is complied with, and which are reasonably necessary to safeguard the health, safety, morals and general welfare of the residents of the Township at large and the residents and owners of the property adjacent to the area in which the proposed use is to be conducted. Conditions may include, but are not limited to, harmonious design of buildings, aesthetics, hours of operation, lighting, numbers of persons involved, noise, sanitation, safety, smoke and fume control and the minimizing of noxious, offensive or hazardous elements.  
See the attached Addendum.

**PART 10 – VARIANCE STANDARDS AND CRITERIA (complete if applicable)**

In addition to the standards and criteria listed in Part VIII of this Application, the Applicant shall have the burden to prove compliance with the following standards and criteria, as may be applicable:

1. There are unique physical circumstances or conditions, including irregularity, narrowness or shallowness of lot size or shape, or exceptional topographical or other physical conditions peculiar to the particular property, and the unnecessary hardship is due to such conditions and not the circumstances or conditions generally created by the provisions of this chapter in the neighborhood or district in which the property is located.

See the attached Addendum.

2. Because of such physical circumstances or conditions, there is no possibility that the property can be developed in strict conformity with the provisions of Chapter 455, Zoning, and the authorization of a variance is therefore necessary to enable the reasonable use of the property.

See the attached Addendum.

3. Such unnecessary hardship has not been created by the applicant.

See the attached Addendum.

4. The variance, if authorized, will not alter the essential character of the neighborhood or district in which the property is located nor substantially or permanently impair the appropriate use or development of adjacent property nor be detrimental to the public welfare.

See the attached Addendum.

5. That, in the case where the property is located in part or totally within the regulatory floodway, the granting of a variance will not increase the base flood elevation.

See the attached Addendum.

6. The variance, if authorized, will represent the minimum variance that will afford relief and will represent the least modification possible of the regulation in issue.

See the attached Addendum.

**PART 11 – SUBSTANTIVE CHALLENGES STANDARDS AND CRITERIA (complete if applicable)**

The Applicant shall have the burden to prove compliance with the following standards and criteria, as may be applicable:

1. The impact of the proposal upon roads, sewer facilities, water supplies, schools and other public service facilities.
  
2. If the proposal is for a residential use, the impact of the proposal upon regional housing needs and the effectiveness of the proposal in providing housing units of a type actually available to and affordable by classes of persons otherwise unlawfully excluded by the challenged provisions of the ordinance or map.
  
3. The suitability of the site for the intensity of the use proposed by the site's soils, slopes, woodlands, wetlands, floodplains, aquifers, natural resources, and other natural features.
  
4. The impact of the proposed use on the site's soils, slopes, woodlands, wetlands, floodplains, natural resources and natural features, the degree to which these are protected or destroyed, the tolerance of the resources to development and any adverse environmental impacts.
  
5. The impact of the proposal on the preservation of agriculture and other land uses which are essential to public health and welfare.

**PART 12 – CERTIFICATION**

- I am the Property Owner, or
- am an officer or official of the Property Owner, or
- have the authority to make this application (attach delegation of signatory authority),

acknowledge that the information provided in this Application, including any plans and specifications, is true and correct to the best of my knowledge and belief.
